

Meeting September 14, 1998

Members Present Ray Tryon, Richard Nault, Chris Blair, Conrad Ohman, Debbie Mielke, Rick Andrus.

Bodian: Peter Vallianos represented Bodian. He wants to place sand on the lakefront. The truck will be able to drive down to his beachfront. He will spread it with rakes. The hearing was closed at 7:15. He will be permitted to place one load of sand and he will be instructed that no further work on the lakefront may be done.

Peter Vallianos also requested permission to place a load of sand. Granted.

Richard Nault presented an addendum to his project 230-158 The actual building construction will be smaller. He needs to place a drainpipe in the basement. He will regrade the driveway. To keep water from pooling under the building. Connie and Debbie inspected the project. There appears to be no alternative. Ray Tryon stated that he should not daylight the pipe in order to keep animals out of it. He should stop it two or three feet before the end and then cover it with stones.

Stevens Lake water test results. The test results detected no herbicides present. Discussion on whether or not they need to continue to take annual test in the future since there has been no herbicides detected. The commission agreed they would not need to take further samples in the future.

The Board of Selectmen has requested a partial draw down. The Commission agreed. It will start October 1, 1998 and be down October 15, 1998. The Board of Selectmen must notify the downstream emergency personnel and Fish and Wildlife. They need to notify Ray Tryon when the gates have been open.

Burt Simon Represented by George Salvato and Randy Leonard needs to repair a broken water line. There is a temporary line now, but they are getting buy etc in the house. They want to run a new plastic line into the house. It should be about a one-day job. They will use a small excavator. They will protect the lake with hay bales. They will be allowed to do the emergency repair. Rick Andrus will be the contact person for the job.

Meeting adjourned 8:00 p.m.
